

PASI JOKINEN

JOACCS OY, OWNER AND CEO

JOACCS PURPOSE: TO CONSULT AND
PROVIDE SERVICES BASED ON OUR
COMPETENCES TO SUPPORT YOUR BUSINESS

PROFILE

Major General (ret.), former commander of the Finnish Air Force. Over 30 yrs. experience from the Finnish defense forces, both in the Air Force and Defense Command. First part of the career I served as a fighter pilot and staff officer, last 15 yrs. as a leader and commander in tactical, operational, and strategic level in teams of different size, often in demanding and changing circumstances and developing something new. My goal is to get the best out of myself and my team using analytic, comprehensive, and cross-domain approach developing innovative solutions to problems.

HOBBIES AND INTERESTS

Outdoor activities • Hunting • Golf
• Educating myself to civil business practices and board work

EXPERIENCE

FIGHTER PILOT

FSQN 31, 1991-1999. After qualifying to combat ready MiG-21 pilot I was selected to be trained in the US for F-18C. After training I contributed as an instructor and flight commander to transition FSQN 31 from MiG-21 to F-18C and to develop Finnish Air Force into 4th GEN Air Force.

STAFF OFFICER/SUBJECT MATTER EXPERT (SME)

In Air Combat Center, 2000-2003, I took part in Tactics Techniques and Procedures (TTP) development analyzing tactical exercises and using modelling and simulation tools. I also took part in operational requirements management for the F-18C MLU 1 and I was in a team evaluating the short-range air combat missile for the Finnish F-18 MLU 1.

“PROJECTS”

FRDF FSQN 2007-2009. As a squadron commander I was leading a team to develop first NATO PfP nation Fighter Sqn (ADX) to participate NATO TACEVAL (NEL 2) with success.

Finnish Air Operation Center (AOC) 2014-2015. I was leading a core team to develop new organization and TTP to support Integrated Air Defense Command and Control in Finland as part of the bigger change in Finnish Defense Forces.

LEADER AND COMMANDER

As Assistant Chief of Staff Operations (J3) I was leading my division in Defense Forces readiness, force structure, mobilization, and security. I was also responsible for defense plans, including Finland – Sweden co-operation and Joint Fires. Responsible for the FDF Joint effects capabilities.

As a Commander of the Finnish Air Force 2019 – 2022, I demonstrated solid leadership and command in challenging period. New strategy and vision 2030 were developed to support the Finnish Air Force transition into 5th GEN Air Force, including replacing the F/A-18C with the F-35A.
